## Summary

---

I am an enthusiastic Web Developer IT Intern with a strong passion for coding and web development. I want to find a job developing websites in both backend and frontend, in a good environment to develop my career path. My long-term goal is to learn more knowledge and develop more deeply in the Backend field and Frontend field.

## Skill Highlights

---

- PHP
- HTML5, CSS, Bootstrap
- Github
- Angular, React, Vue
- Word, Powerpoint, Excel
- Javascript, Nodejs,
- Reading, communicating English well,
- Working group well
