OBJECTIVE

Finding a solid environment to practice Python and Machine Learning skills.

EDUCATION

SOFTWARE TECHNOLOGY

2019 - 2023 (in progress)

PTIT - POSTS AND TELECOMMUNICATIONS INSTITUTE OF TECHNOLOGY

Enrolled in 2019, choosing Information Technology as the main course.

PERSONAL PROJECTS

PYTHON (BASE)

2023 - 2023

ROCK - PAPER - SCISSORS DONE FANCY

The most basic form of AI - if-else statements. A recurring joke in IT community, however there is some truth in it.

PYTHON (ML)

2023 - 2023

TITANIC SURVIVAL PREDICTION - BASIC PREPROCESSING

My first exposure to a Machine Learning problem. I have to train a model and make predictions of whether the passenger(s) survived the Titanic tragedy.

SKILL

Basic use and understanding of base Python, C++, Java.
Can also use Word, Excel, Powerpoint.

CERTIFICATIONS

TOEIC Certification: 970/990

June 15 2023

INTEREST

- Building Lego
- Traveling
- Video content creation/Live-streaming
- Game tester (as a left-handed job)

ADDITIONAL INFORMATION

My life goals: Improve socializing and networking skills.
Can work part-time in Mondays/Tuesdays and full-time for the rest of the week.
