

# Ho Quang Lam

Fullstack developer

**Name** Ho Quang Lam

**Phone** +84 92844 753

**Github** *trunkey2003*

**DOB** 20/07/2003

**Email** 21521049@gm.uit.edu.vn

**Address** Thu Duc City, Viet Nam

## Overview

I am currently a freshman at Ho Chi Minh City University of Information Technology (HCM-UIT). I started learning web development a year ago. I have had chances to work with some clients and a company which help me gain a lot of valuable practical experiences. In addition, I have received three awards and won second place in two Web Development Hackathons, the first one was held by HCMC University of Technology And Education, and the other wheld by Ho Chi Minh City University of Information Technology.

- Experienced in HTML, CSS, JavaScript, TypeScript, Node.js, React, .NET, NextJS, Laravel
- Experience in working with RESTful API & GraphQL API
- Experienced in database (MongoDB, MySQL)
- Experience in working with Git (Github, BitBucket)
- Knowledge of lifecycle, and state management in React
- Limited Knowledge of deployment (Docker, CI/CD)
- Limited Knowledge of networking & security (XXS, brute-force attack, SQL Injection,...)
