VINH TRẦN

DEVELOPER

❝

With the knowledge of what's in the school and courses, I've always wanted to become a Front-End Developer. Having a solid knowledge of HTML, CSS, JAVASCRIPT, PHP, and REACTJS, plus skills I hone every day. I always want to give my best to help the company grow and achieve for myself.

Work experience

January 2022 - April 2022

Internship Cloud nine solutions Company

Participating in and developing the company's project

Main responsibility:
